us the path of knowledge through Education
to fight for our rights

Message from Secretary's Desk

Education leaves a lasting impression on every human being and every age brings forth its own value. So to provide meaningful education to the masses, education has to be a mass movement. It has to be indigenious, responsive to the need and has to be designed, planned and managed by the people themselves.

I hope under the guidance of faculty members of Parjanya B.Ed College shall focus on recognizing and fostering the talents for educationally under privileged groups. I wish you all success in career.

Indrajeet Mahato

Secretary

Message from Principal's Desk

Gaining knowledge alone is not Education, but it is that what makes us better human beings and so determines the future of the country. Education should help one to acquire life skills, there by live well, behave well to others and contribute his/her best to the society/nation/world. Ultimately the aim of Education should be the real peace in the world, where persons only use, develop and spread the positives in them. Father of our nation, Mahatma Gandhi has beautifully observed the meaning of Education as 'the all-round drawing out of the best in child and man, in body, mind and spirit'. Here in this College, we are in that effort to bring out the best in our student-teachers, in all aspects, so that they are equipped to do the same when they become the real teachers later. All the activities are organized here as a team work by the faculty to achieve this common goal. Thus Parjanya B.Ed. College is scaling new heights in academic excellence and social commitment. BEST WISHES TO ALL
